STUD FRAME SHEDS & GARAGES

Left: Two door COLORBOND® steel gable shed with a double garaport, one window & one personnel access door.

Right: COLORBOND® steel 2 bay garage with single bay workshop roller doors, one personnel access door & one window.

Quality

AOK Stud Frame Kit Sheds use high quality BlueScope® steel, and have been designed in Australia to withstand the harsh Australian conditions.

Garaports

- Garaports are 6m long x span & 3m long x span
- Garaports have sheet gable infill with 230mm skirts on either side of its length
- Garaport side awnings are 3m in width x the length of the shed frame excluding the garaport

Gable Entry Garages

Span (mm)	Length (mm)	Eaves Heights (mm)	Roller Doors - Options 2650mm Wide (mm)				Windows (mm)
4000	6000	2400, 2700, 3000	2400 Eaves	2100H	-	-	600H x 1370W
6150	7500	2400, 2700, 3000					900H x 1370W
7650	9000	2400, 2700, 3000	2700 Eaves	2100H	2400H	-	900H x 1370W
9150	10500	2400, 2700, 3000					900H x 1370W
9150	12000	2400, 2700, 3000	3000 Eaves	2100H	2400H	2700H	900H x 1370W

Design

The AOK Stud Frame Kit Sheds and Garages consist of steel stud frame wall panels and a steel roofing system that forms a cathedral style ceiling utilising C-Section rafter design for strength and ease of construction.

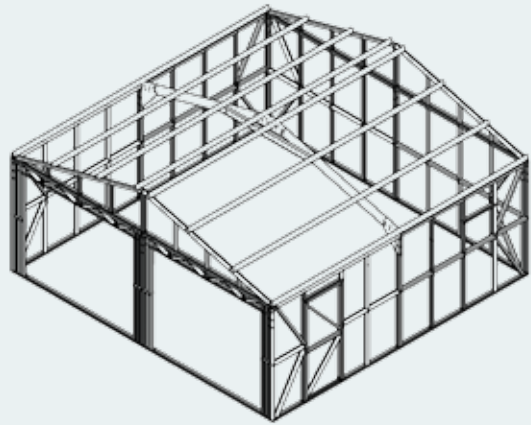

These kit sheds come in 'Flat Pack' with all components individually pre punched, cut to length, numbered and packed to exact specifications. Kit sheds include a simple, easy to follow instruction manual that has been formulated for onsite construction with the owner builder in mind.

Side Entry Garages

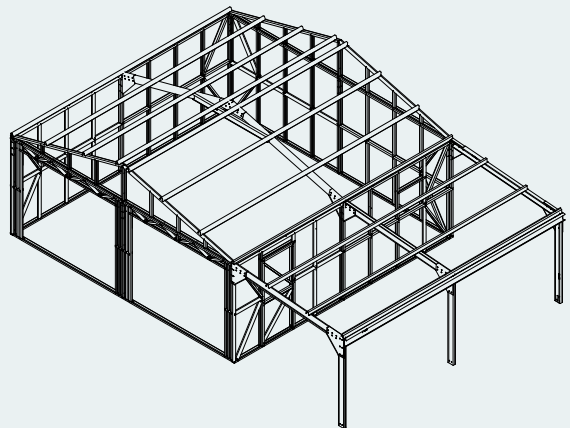

Span (mm)	Length (mm)	Eaves Heights (mm)	Roller Doors - Options 2650mm Wide (mm)				Windows (mm)
6000	6150	2400, 2700, 3000	2400 Eaves	2100H	-	-	600H x 1370W
7500	7650	2400, 2700, 3000					900H x 1370W
9000	9150	2400, 2700, 3000	2700 Eaves	2100H	2400H	-	900H x 1370W
9000	10650	2400, 2700, 3000					900H x 1370W
9000	12150	2400, 2700, 3000	3000 Eaves	2100H	2400H	2700H	900H x 1370W

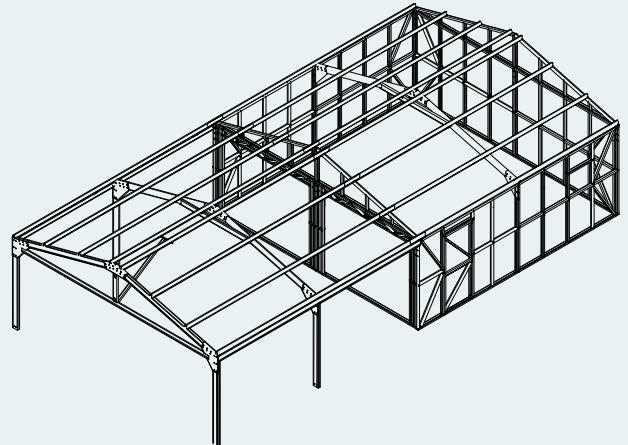

Option 1: Standard gable with cathedral ceiling design utilising C purlin rafters

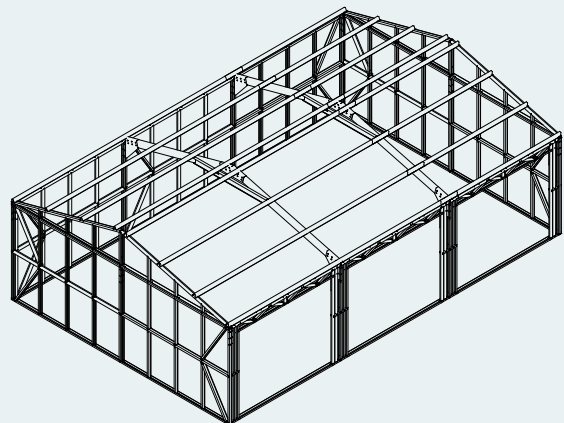

Option 2: As per standard gable with 3m wide full length open awning

Option 3: Standard gable with an open garaport with cathedral ceilings utilising C purlins

Option 4: Standard gable with side entry access up to 12m long allowing you the choice of bays

The scope of designs for this fully bolted purlin and frame system encompasses the following structure types:

- ▶ Residential garages & sheds
- ▶ Australian barn design with open awnings

A multitude of designs are available with spanning capabilities up to 9m that comply with the following:

- ▶ Building Code of Australia
- ▶ The principles of the Steel Shed Group Design Guide
- ▶ Australian Steel Institute
- ▶ All designs are manufactured from materials certified or tested for compliance with Australian Standards
- ▶ All kits are fully engineered and all necessary documentation including structural integrity report, slab design, structural detail report, certified assembly drawings for lodgement with councils Australia wide is provided.

Benefits

- ▶ Wall heights 2.4m, 2.7m or 3.0m
- ▶ 15 years BlueScope® warranty on framing & cladding materials (conditions apply)
- ▶ 15° roof pitches
- ▶ Obligation free quotations
- ▶ Comprehensive construction manuals
- ▶ Large range of COLORBOND® steel colours
